## **Personal Bio:**

The game of soccer brings me tremendous joy. I started playing when I was three years old and have never stopped, and hope to still be lacing up my boots well into my 90's :). My goal as a coach is to teach young athletes to play the game with joy and confidence, while continuing to develop technical and tactical skills. I believe every lesson the young athlete learns on the soccer pitch will greatly help him out in everyday life, and build him to be a better individual overall. Play the game of soccer or football, whatever you want to call it, with joy!
